«*The sober scientific method does not stimulate the imagination; it curbs it.*»
(Samuel M. Crothers, 1851-1927.)

ATTENTION !

If you are ready to forget for just a moment that you belong to the human species and even that you are a human being with your own thoughts, your own vision of the world...

WELCOME !

You are welcome, because you are certainly unafraid to question the human presence on earth as a pure biological curiosity among many others.

CONTENTS

I – RESTRAIN YOUR DNA... WHY?

II – YOUR DUTY OF CONTROL.

III – AN X-RAY OF HOMO TECHNICUS.
