*“The sober scientific method does not stimulate the imagination; it curbs it.”*  
(Samuel M. Crothers, 1851-1927.)

ATTENTION !

If you are ready to forget for just a moment that you belong to the human species and even that you are a human being with your own thoughts, your own vision of the world...

**WELCOME!**

You are welcome, because you are certainly unafraid to question the human presence on earth as a pure biological curiosity among many others.

## CONTENTS

- I – RESTRAIN YOUR DNA... WHY?
- II – YOUR DUTY OF CONTROL
- III – AN X-RAY OF *HOMO TECHNICUS*
- IV – BASED ON A LETTER TO GEORGES MINOIS
